

PIONEER<sup>®</sup>  
LOUVERS

EXTERIOR  
& INTERIOR  
EXQUISITE  
ARMOR

Founded by a group of industrialists in the year 2018, Pioneer Panels is a confluence of the vastly experienced people in manufacturing, product development, quality control, distribution and sales of aluminium composite panels (ACPs). Priding on our best-in-class production processes and operations, we continuously strive to produce the best products that satisfies all the domestic and globally accepted standards on quality such as ISO, ASTM & AAMA, with a focus on servicing our customers with prompt, honest and hassle-free professionalism.

We manufacture the finest quality of ACP in our state-of-the-art manufacturing facility located in Gujarat, India spread out in an area of about 12000 sq. m. with a total production capacity of 1.35 million sq. m. per annum. Our head office is located at Mumbai, India and apart from that we have multiple branch offices across India with a strong retail network to ensure that the service that our customers need is accessible and available at their doorstep.

Each order is treated with utmost care, ensuring that no efforts are spared to meet the expectations of our customers.

Introducing our exclusive range of louvers for exterior and interior cladding of buildings.

Our louvers are a masterpiece derived from a joint project between our design and engineering team. They are a perfect combination of beauty and longevity adding a completely different dimension to a structure.

Good thermal stability.
